## **Rey Responds to Delegate Bohanan's Gun Range Proposal**

Lexington Park, MD October 3, 2014 – Today, Deb Rey, candidate for Maryland House of Delegates District 29B, responded to Delegate Bohanan's announcement of the creation of a Gun Range Task Force for St Mary's County.

“Delegate Bohanan knows the local shooting sports community is angry at him for not fighting the 2013 gun control law, so I'm not surprised at his attempt to pander to gun owners a few weeks before the election. I am surprised, though, he would propose spending taxpayers' money on this venture knowing the state is already facing severe budgetary shortfalls, and Marylanders are being subjected to ever-increasing taxes.

“As a shooting enthusiast myself, I'm all for expanding shooting sports opportunities in the area, but I think we need to find privately-funded solutions like the Sanner's Lake Sportsmen's Club in Lexington Park. Sanner's already has a world-class shooting complex and offers open-to-the-public events nearly every weekend.

“Instead of trying to buy votes, Delegate Bohanan should be spending his time trying to reverse the anti-gun owner atmosphere he and his allies in the legislature have forced upon Maryland. That will be one of my top priorities once I'm elected.”

Deb Rey is a candidate for the Maryland House of Delegates in District 29B
